RE: Project Budget for the UConn Health Connecticut Tower Infrastructure Upgrade  
(Planning: \$34,300,000)

## RECOMMENDATION:

That the Board of Trustees approve the Planning Budget in the amount of \$34,300,000 for the UConn Health Connecticut Tower Infrastructure Upgrade project.

## RESOLUTION:

"Be it resolved that the Board of Trustees approve of the use of \$34,300,000 from General Obligation DM Bond funds for the UConn Health Connecticut Tower Infrastructure Upgrade project."

## BACKGROUND:

This project aligns with UConn's 2024-2034 Strategic Plan because it will maintain Farmington as part of our Seven World-Class Campuses, One Flagship University as well as promote and improve the Wellness of People and Planet by replacing the 55+ year old head-end HVAC units and other mechanical/plumbing infrastructure located in the penthouse of the Connecticut Tower to allow the continued use of floors 1 thru 7 as Inpatient/ Clinical units. If these HVAC units are not replaced, their eventual failure would be a patient safety issue and would cause a major loss of revenue.

The Planning Budget is attached for your consideration. The Planning Budget is based on conceptual estimates and may change as the design is developed. This Planning Budget was approved by the UConn Health Board of Directors at their meeting on June 9, 2025.
